

B2B travel payments made easier, faster, and safer.

About Pax2pay

Pax2pay is an award-winning digital payment solution. We make travel payments easier, faster, and safer for our customers, enabling them to scale faster than ever before.

Businesses all across the UK and EEA leverage Pax2pay to pay for their business costs because our platform enables them to unlock extra revenue, streamline reconciliation, boost security, and gain deeper insight into their customers and payments.

What payments can I make via Pax2pay?

You can use the Pax2pay solution to process everything from hotel bookings to flights; travel transfers to tour bookings; utilities to SaaS subscriptions - whatever it is, we've got you covered.

Don't just take it from us...

'For us, moving more of our payments to our Pax2pay cards was a no-brainer.

Now, we save time and resource that would ordinarily be spent reconciling payments - freeing us up to do more of the work that matters.

Plus, we earn cash back on all of the payments we make on our Pax2pay cards. So now our payments aren't just a drain, they're a new revenue stream.

It's never been simpler for us to manage our payments.'

Pain free payments:

With Pax2pay, you can process all of your payments through one platform - so you can keep all your transactions in a single place, regardless of which payment method you use to make them.

The added benefit? Only the exact amount you are billed will ever be taken from your card and account so you never have to return funds from pre-funded cards, ultimately enhancing your cash flow.

Available Payment Methods:

At Pax2pay, we believe you should be in control of your payments. That's why we offer 3 payment methods - whichever you use, the choice is yours.

**Virtual
Cards**

**Bank
Transfers**

**Accounts
Payable**
